

## Commercial laboratories currently offering high-sensitivity KIT D816V assays

Laboratory	Test Code	Website	Phone
ARUP Laboratories <sup>1</sup>	3002956	aruplab.com	1-800-522-2787
Labcorp <sup>2</sup>	485126	oncology.labcorp.com	1-877-442-3226
Mayo Clinic Laboratories <sup>3</sup>	KITVS	mayocliniclabs.com	1-855-516-8404
Virant Diagnostics <sup>4</sup>	High Sensitivity KIT D816V Mutation Hotspot	virantdx.com	1-877-888-2973

This list is not intended to be a recommendation, referral, or endorsement of a specific laboratory, service, or test. Blueprint Medicines Corporation makes no representations, assumes no liability, and provides no warranties regarding the clinical or analytical validity, quality, or design of the testing or services included. Blueprint Medicines is not responsible for the content of these websites and makes no guarantee about the accuracy of the information provided. This list is provided as a convenience only and may not be exhaustive. Blueprint Medicines may update this list from time to time as it becomes aware of other commercial laboratories offering high-sensitivity KIT D816V testing. Lab selection and the need to order a high-sensitivity test is at the discretion of the ordering physician's medical judgment. The test codes listed are current as of October 2023 and are subject to change. Test codes are individual administrative codes assigned by the individual lab. Providers should confirm with a lab prior to ordering a test.
